The Impossible Gentlemen (Basho Records SRCD 36-2)

2:58pm Thursday 2nd June 2011

By Peter Bevan

This curiously titled group combines the superlative American rhythm team of Steve Swallow on bass and Adam Nussbaum on drums, with Brits Mike Walker on guitar and Gwilym Simcock on piano.

A short tour last year inspired the group to meet again to record this CD and tour more widely, starting at Sage, Gateshead on June 10. The interaction and mutual support is a joy throughout.
